1. Construct the dark yellow/light aqua HST using the Quick Step ruler method. The lines are already marked on the light aqua strip. Place it on top of the dark yellow 3 ½" x 18" strip and sew ¼" away from the slanted lines. Cut on all drawn lines. Square them up to 3 ½" square.
2. Construct the dark yellow/red and the dark aqua/light blue Flying Geese (FG) blocks using the "Four-at-a-time" method. Square the aqua/blue blocks to 3 ½" x 6 ½". Square the dark yellow/red FG to 2" x 3 ½". Make sure that the point is ¼" from the edge of the block.
3. Complete the construction of the 12 ½" block, starting at step 13 on page 3 of the Moda Fabrics handout.
